

Advantages of Online Giving

- Can help you make giving a priority. The Bible indicates giving is to be a “first” and not a last or leftover matter in our lives. Read Proverbs 3:9-10.
- Can help you increase your faithfulness. Solves the problem of forgetting to bring your offering or leaving your check book at home on Sunday morning. Your offering remains consistent even when you are traveling or unable to attend church for other reasons. Deciding in advance to faithfully give can mean stepping out in faith.
- Can help strengthen PBC’s base of regular support and simplifies church accounting.
- Can encourage faith and faithfulness in the lives of fellow believers. By planning and prioritizing your giving, you encourage others to grow and mature in their spiritual stewardship.
- It's easy. It's efficient. It's convenient.
- Transactions are secure.
- Giving records are secure. No one sees your online giving except for the accounting office.
